Communities for Children – Anglicare NT

Since 2010, Anglicare NT in Alice Springs has been funded by the Australian Government Department of Social Services as the Facilitating Partner for Communities for Children. The Facilitating Partner subcontracts Community Partners to deliver place-based, evidence-based early intervention activities in order to provide positive and sustainable outcomes for the most vulnerable and at-risk children, up to 12 years of age, and their families in Alice Springs.

Our current Community Partners are Akeyulerre, FAST NT, Lutheran Community Care, Multicultural Community Services Central Australia, Red Cross and Relationships Australia. These organisations deliver a number of activities that promote Communities for Children's objectives and vision.

In addition to this, Communities for Children is working collaboratively in a Collective Impact Initiative with Connected Beginnings, Larapinta Child and Family Centre and Red Cross to promote *Child Friendly Alice* with the aim of encouraging greater integrated service delivery in Alice Springs.

In 2021 Communities for Children will continue its strong focus on creating interconnected systems and networks, of supporting new ways of working together with local community that will help children thrive and make the most of their potential.
