Children's Week is an annual event celebrated in Australia during the fourth week in October. In 1996 it was decided to adopt a permanent theme: "A Caring World Shares" as a reflection of Children's Week aims while at the same time acknowledging the designated year on national posters and other printed materials. A diverse range of events and activities are organised at National, State and Local levels. These focus the attention of the wider community on children, their needs and achievements. Please look out for flyers giving news of events in Alice Springs
